

Property Tax 101 - Week 2: “How do you eat an elephant?”

Property tax bills can be a big expense for many folks. It can be kind of like trying to eat an elephant. Even making payments in two installments can be overwhelming sometimes. Did you know we offer a prepayment option to help with this very issue? If you struggle to make two large payments, prepayments may be the solution for you.

You can start making prepayments in December each year

Pay in smaller “bites” over a six month period

Pay all or any part through June 30

Prepayments get credited to your account

Pay the balance on the due dates after you get your bill

“How do you eat an elephant?” - “One bite at a time!”
